

THERMAX- ASSET AWARDS

For
Best Ph.D. & M. Tech. / M. Phil. Thesis

Association of Separation Scientists and Technologists (ASSET) was founded in 2004 with an aim to provide a platform to professional Scientists and Engineers to discuss different aspects of basic as well as applied R & D in the area of Separation Science and Technology (www.asset.org.in).

THERMAX Ltd. is engaged in the business of products related to Energy and Environment including captive and distributed power plants, waste water treatment, ion exchange resins, adsorbents and extractants for various purification and separation requirements (www.thermaxindia.com).

THERMAX-ASSET Awards, instituted in 2011, are given every year during the AGM of ASSET or during the SESTEC Symposium.

Nominations are invited for the 13th THERMAX-ASSET Awards for the best Ph.D. thesis and M.Tech. or M.Phil. Thesis, separately. Thesis should be in the area of Separation Science and Technology. Degrees should have been awarded by an Indian University / Deemed University (recognized by UGC) during the period of 1st January 2022 to 31st December 2023. The awards carry a medal, citation and Rs.15,000/- in cash for Ph.D. thesis and Rs. 10,000/- in cash for M.Tech. / M.Phil. thesis.

The nominations (format available at www.asset.org.in) should be sent to Dr. A. C. Deb, Secretary, ASSET, on his emails acdeb@barc.gov.in and mailto:asset@gmail.com on or before 29th February 2024.

Documents to be sent along with nomination form are:

1. Synopsis of the Thesis
2. List of Publications/patents
3. Reprints of best five publications

Selection of the awardees will be made by a panel of experts constituted by ASSET and the decision of the experts' panel will be final and binding.

Financial support for lodging, boarding and round trip train travel (3 AC) to Mumbai will be provided by ASSET to the Awardees.

Deadline for submission of nominations is 29th February 2024
